

Beth Israel Deaconess
Medical Center

A teaching hospital of
Harvard Medical School

September 28, 2015

Dear Ken,

I cannot thank you enough for the incredible, sustained, and enormous efforts that you exert to make AFFPC and BIDMC so strong. Coming to Boston despite your own family and busy career shows incredible devotion and is a huge blessing for us.

You really are changing the world. You help me immeasurably and share the burden of bringing people together who share a common vision but need the means necessary to succeed. Your personal commitment to AFFPC is what makes it possible to invite the heavy hitters to dinner with you at your hotel on your schedule. That says something very tangible about AFFPC's impact that the Strategic Planning Retreat will bring into greater focus.

We couldn't do any of this without you, and I am most grateful to you for standing up with us.

Most Sincerely Yours,
