

Hi Dr. Ken,

What can I say! The seniors have been to a many of our programs, but today they were in the parking lot, sitting on the bench, at their cars. I couldn't get them to leave today. You really spoke to their souls. I want to say thank you for sharing your knowledge to us. They took copies to some of their friends who was sick and couldn't make it today. We have 60 in the group. I will also pass out to those who didn't attend. I can never thank you enough for all of you have done.

Love,
Edna
